Social Security Work Incentives – 2014 Quick Reference Guide

	Title II (SSDI, SSCDB, SSDWB)	Title XVI (SSI)
Benefit Name	SSDI: Social Security Disability Insurance SSCDB: Social Security Childhood Disability Benefits (formerly DAC) SSDWB: Social Security Disabled Widower Benefit	SSI: Supplemental Security Income
Basic Eligibility Requirements	1. Disability insurance benefit—worker on record must have reached insured status 2. Must meet SSA disability criteria 3. SSCDB & SSDWB must meet additional criteria	1. Financial needs based benefit—little to no income or resources 2. Must meet SSA disability criteria
Cash Check Amount	Based on work record	Maximum \$721 for individual, \$1,082 for couple (2014), reduced if other income is received.
Resource Limit	None	Yes: \$2000 individual, \$3000 couple
Health Insurance	Medicare, after 24 month waiting period	Medicaid (Oregon Health Plan-OHP+ – Oregon residents) (WA Apple Health – Washington residents)
General Work Rule	Benefit check is all or nothing, based on whether countable earnings are above or below Substantial Gainful Activity-SGA, \$1,070/month 2014 (\$1,800/month if blind)	Benefit check is reduced \$1 for every \$2 earned after the first \$85/month-(if there is unearned income, after the first \$65/month).
Automatic Work Incentives	Trial Work Period (TWP): 9 months to work and earn an unlimited amount and keep benefit check. 1 TWP month is used each time earnings are over \$770/month (2014), if self-employed – work over 80 hrs/mo or earn over \$770/mo. When all 9 months are used within 5 years, TWP will end.	1619b: Keep Medicaid and SSI eligibility status when earned income gets so high that it causes the SSI check to become \$0. Earn up to \$32,725/year – Oregon residents; \$29,683 – Washington residents (2014), higher if individualized threshold applies.
	Extended Period of Eligibility (EPE): After the last TWP month is used, the following month starts the EPE. EPE lasts for the next 36 consecutive months. Each month <i>countable earnings</i> are above SGA, don't receive benefit check that month. Each month <i>countable earnings</i> are below SGA, receive benefit check that month. Don't have to reapply to reinstate benefit check, <i>maintain eligibility status</i> .	Reinstating Eligibility Without a New Application: SSI can be reinstated without a new application if become ineligible for SSI for any reason except medical cessation and work, and if situation changes within 12 months.
	Grace Period: After TWP finished, the first pattern of <i>countable earnings</i> above SGA you keep the benefit check that month and the following 2 months regardless of your earnings.	
	Expedited Reinstatement (ExR): After EPE ends, if <i>countable earnings</i> go above SGA eligibility will end. If <i>countable earnings</i> drop below SGA within 60 months of termination and you are unable to perform SGA, you may request reinstatement of benefits. Up to 6 months of provisional benefits can be provided while SSA makes a decision on the request.	Impairment Related Work Expenses (IRWE): Out of pocket, impairment-related expenses needed to work are deducted from earned income when calculating the SSI check amount.

Disability Rights Oregon is the Protection and Advocacy System for Oregon

Additional Work Incentives	Impairment Related Work Expenses (IRWE): Out of pocket, impairment-related expenses needed to work are deducted from gross earnings to determine <i>countable earnings</i> for SGA.	Subsidy/Special Conditions (For SSI, used at initial eligibility only)
	Subsidy/Special Conditions: Support received on the job which results in the receiving more pay than the value of the services performed. Only the portion of the pay that reflects the value of the work actually performed is included in calculating <i>countable earnings</i> for the SGA test.	Property Essential To Self Support (PESS): Resources essential to self-support are not counted in resource test, such as property used in business or used for work as an employee.
		Student Earned Income Exclusion (SEIE): If under 22 years of age and regularly attending school, the first \$7,060/year (2014) of earned income is excluded when calculating the SSI check amount. Max of \$1,750/month (2014).
	Unpaid Help & Unincurred Business Expenses (self-employed): The value of contributions made by others to the business are deducted from Net Earnings from Self Employment (NESE) to determine <i>countable earnings</i> for the SGA test.	Plan for Achieving Self Support (PASS): Under an approved plan, a person sets aside income and/or resources for a specified time to reach a work goal. Income and/or resources set aside under a PASS are excluded when calculating the SSI check amount and must be used to purchase work-related items/services. The work goal must include reducing need for SSI or eliminating need for Title II.
	Plan for Achieving Self Support (PASS): An SSI Work Incentive, but can be used by Title II beneficiaries if they can meet SSI eligibility criteria after Title II income is excluded by PASS.	Blind Work Expenses (BWE): For individuals who meet SSA's definition of blindness, the amount of earned income used to pay for work-related expenses is deducted from earnings when calculating the SSI check amount.
	Medicare for Individuals with Disabilities who Work: If use up Continuation of Medicare (see above) and work causes cash benefit to stop, can buy Medicare if still disabled.	
	Unsuccessful Work Attempt: When an effort to do substantial work stopped or reduced to below SGA after a short time (6 months or less) due to impairment or removal of special conditions, earnings during the period do not count in determining SGA for cessation or initial eligibility.	Unsuccessful Work Attempt (initial eligibility only):
	Section 301: If found medically improved while under a vocational rehabilitation program, benefits can continue if it is an appropriate program and increases the likelihood of permanent removal from disability benefit program.	Section 301: If found medically improved while under a vocational rehabilitation program, benefits can continue if it is an appropriate program and increases the likelihood of permanent removal from disability benefit program.
Ticket to Work: Employment Networks (ENs) assist beneficiaries to secure and maintain employment to reach self-sufficiency; in return they receive payment from SSA. If the beneficiary assigns the Ticket to an EN and follows timely progress, medical reviews are suspended. FACT is Oregon's Parent Training and Information Center on Issues Related to Special Education!

Formed in 2002, FACT has grown over the last decade to successfully empower Oregon families experiencing disability. Using a parent-to-parent model, FACT provides training, IEP support, and parent-to-parent connections that promote the understanding that disability is a natural part of the human experience.

In September 2012, the U.S. Department of Education, Office of Special Education Programs awarded FACT the designation of becoming Oregon's Parent Training and Information Center [PTI]. FACT has also been awarded the Oregon Department of Education state PTI contract.

FACT's services are framed by the following principles:

1. A firm belief that disability is natural
2. The importance of using person-first language
3. The importance of the dignity of risk
4. Presuming competence of a person experiencing disability
5. Having a vision for life after school
6. Advocating that all people should be able to access and be welcomed by their communities

Using a collaborative approach, FACT has partnered with dozens of organizations, school districts, agencies, and local resources to build community support for families experiencing disability. Its services include the following:

- FACT PTI: provides information, training, resources, and support to parents whose children experience disability and/or special learning needs, and to youth entering into adulthood.
- FACT Family Network: provides peer-delivered support, information, resources, referral assistance, family-to-family networking, and training opportunities.
- The Family Advocacy Network: creates opportunities statewide for family leadership development, family empowerment to effect system change, education reform, policy decisions, and participation in advocacy and grassroots systems change movements.
- Parent2Parent: offers statewide, parent-to-parent connections for families experiencing disability, including specially trained mentors able to support families in preparation and planning for their child's IEP.
- FACT Person-centered Planning: a pilot program that provides strengths-based, person-centered plan facilitation to families, school districts, and other agencies.

411-345-0020 Definitions

(Temporary Effective 07/01/2014 to 12/28/2014)

(17) "Discovery and Career Exploration" is a person-centered, comprehensive, employment planning and support service that provides assistance for individuals to obtain, maintain, or advance in a competitive, customized, or self-employment setting.

(18) "Discovery Profile" means a report, meeting requirements established by the Department, produced as an outcome of discovery and career exploration, representing an individual and providing information to better inform employment service planning and job development activities. The discovery profile includes information about the strengths, interests, abilities, skills, experiences, and support needs of the individual as well as information about conditions and settings for the success of the individual.

(19) "Employment Path Services" mean services to provide learning and work experiences, including volunteer opportunities, for an individual to develop general, non-job-task-specific strengths, and skills that contribute to employability in paid employment in integrated community settings.

(20) "Employment Services" mean any services that has the employment of individuals as the primary goal, including individual supported employment (job development or job coaching), small group supported employment, discovery and career exploration, and employment path services. Employment services do not include vocational assessments in sheltered workshops. Employment services are home and community-based waiver services

Addictions and Mental Health (AMH) Services in Oregon

The Addictions and Mental Health division (AMH) of the Oregon Health Authority provides Oregonians access to mental health and addiction services and supports meeting the needs of adults and children to live, be educated, work and participate in their communities and to help them achieve optimum physical, mental and social well-being. This is done by working in partnership with individuals and their families, counties, other state agencies, providers, advocates and communities.

AMH is responsible for these key areas:

- Substance abuse and problem gambling prevention services
- Substance abuse and problem gambling treatment services
- Children and Adult Mental health services
- Maintaining custody of persons committed to the state by courts for care and treatment of mental illness
- Managing the state hospital system

Oregon's prevention system aspires to:

- Create and disseminate programs for parents with children ages 10-14;
- Develop a methamphetamine prevention curriculum for Oregon's children;
- Provide workplace prevention training and assistance to employers; and
- Supply a consistent statewide prevention program for all communities.

Oregon's addictions treatment system aspires to:

- Provide appropriate family-based treatment for youth with co-occurring (addictions and mental health) disorders;
- Appropriately serve more than 400 adults with co-occurring disorders;
- Provide outpatient substance abuse and problem gambling treatment for individuals;
- Provide culturally and linguistically competent addictions treatment to reduce health disparities;
- Ensure provider pay reflects the cost of providing efficient and effective services;
- Provide sufficient alcohol-and drug-free housing to support recovery; and
- Collect comprehensive data and use it for management of performance.

Oregon's community mental health treatment system aspires to:

- Provide the necessary array of community services to help individuals be successfully integrated in the community of their choice;
- Fully develop a broad array of peer recovery support services;
- Improve access to community-based mental health services for children and their families;
- Develop strategies to help prevent hospitalization and unnecessary crises.
- Ensure access to care by increasing payment rates to reflect the cost of providing critical services;
- Provide appropriate mental health services for older Oregonians.
- Provide statewide early intervention services targeted to adolescence and young adults; and
- Collect comprehensive data and use it for management of performance.
